

PENSIONS AWARDED AS A SINGLE CASH PAYEMENT

For personal and survivor's entitlements with an effective date on or after 01/01/2012, when the monthly amount of the pension is less than 2% of the monthly Social Security ceiling on the possible effective date for that entitlement, a single cash payment equal to the amount of the theoretical yearly entitlement multiplied by a weighting factor based on the claimant's age on the effective date for the claim is awarded in place of a monthly pension.

The weighting factors shown in the table below are set by the Board of directors.
